

AQUATECH
PARTS BULLETIN

The hydraulic door lock cylinder is not easy to find in our B-series and SJR parts manuals. The cylinder only (part no. A111067) is listed on the hydraulic schematic. For your convenience, here is a picture of the cylinder assembly and the part numbers involved with this item. Because the manufacturer is supplying the cylinders with the door lock wedge, the cylinder only is not available separately as it was in the past.

ASSEMBLY PART NO. A246523-P

Assembly consists of the following items:

- (1.) A111067 Hydraulic Cylinder (replaced old part no. A111065)
- (2.) A107179 1"-12 Jam Nut
- (3.) A246121 Door Lock Wedge

Please use the information below when ordering a seal kit.

CYLINDER PART NO.	STAMPING NO.	SEAL KIT PART NO.
A111065 (OBS)	500-2600 or 70718300	NLA
A111067 (NSS)	Date Code Only	A111068
