

AQUATECH

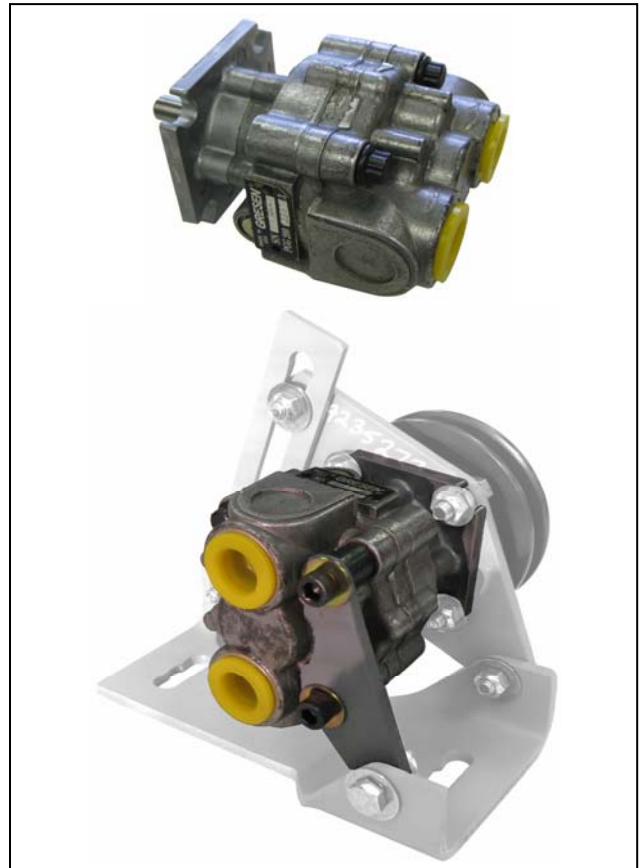

PARTS BULLETIN

Many older Aquatech SJ600E Trailer Jetters utilized the A110165 (MTE C205L-2705) hydraulic pump pictured below left. This pump is obsolete (no longer available). If you get a call for this pump you will have to order part number A110165-RETRO which includes a Gresen hydraulic pump and the necessary bracket and hardware to mount it.
